55th REUNION

October 28, 2017

Assumption High School

Welcome to our

55-Year Class Reunion

Assumption High School

&

St. Teresa Academy

October 28, 2017

As we celebrate our 55-year Class Reunion,
we remember our deceased classmates.

*So many things have happened
since they were called away.
So many things to share with them
Had they been left to stay.
And now on this reunion day,
Memories do come our way.
Though absent, they are ever near,
Still missed, remembered, always dear.*

Grandchildren: 2 grandsons, Landon, Aidan; 1 granddaughter, Taylor
Occupation: Retired med tech, retired attorney

Moved from 3-story townhouse after 29 yrs. to 1-story quarters.
What a chore to downsize! The grandsons did a week of training with the Glasgow Rangers soccer team in Scotland. The granddaughter is learning to fish, ice skate, soccer fundamentals – she's a real corker. I'm still singing in St. Henry's choir and sold the choir director my beloved piano because my fingers are too bad to play anymore. Still love going to the opera. Last trip was with my sister to Las Vegas - her daughter is in theater business and arranged great things to do with with her showbiz buddies there. She's currently property mistress at at Glimmerglass Opera in Cooperstown.

We continue to take one or two bus tour vacations every year – love to see parts of the U.S. & Canada. I am still active in our parish in Maryville, parish council, training lectors, etc. Walt has coordinated RCIA for about ten years and he works with annulments for Springfield Diocese. This past summer has been a challenge - three major surgeries in May at Barnes Hospital in STL, two stays at rehab centers. I am much better now. So sad to see St. Elizabeth's Church, my parish in East St. Louis burned – what a shame.

So good to see you all! Good health & happiness to everyone.

Bill and I were married 50 years in January 2017, really proud of that accomplishment. We are both retired completely as of this year. Retirement is spending time as volunteers, attending lots of grandkids' games and socializing with friends and family.

We have three children with spouses, six grandchildren ranging in ages from 7--27. Oldest three at universities – Virginia Commonwealth University, St. Louis Community College and Indiana University at Bloomington. It will be fun to see what they will do with their schooling.

We travel a little, but find the long plane rides pretty hard on our bones and joints. Do lots of day trips and enjoy parks and museums. Music is our main entertainment with the focus on jazz. Lots of that in St. Louis. Happy 55th anniversary from STA/AHS to everyone.

Donald and I were married 6/11/66 and had a wonderful life together. I was an RN for about 4 years after the children were born every 2 years. I've also dabbled in property management for 30 years.

My hobbies run from choir director for 12 years, to tennis, at least until my knees wouldn't allow, then did volunteer work at our children's schools. I also enjoy reading, sewing, playing Bridge, and most of all being with my grandchildren. A busy life, but most enjoyable. Wasn't it just yesterday that Judy and I were learning (or should I say trying to learn) the latest dance or could have been when we were walking the streets of Chicago? Whenever it was, the years have flown by. To all my friends from the Class of '62, it's been a fun trip and hope it continues until Judy learns how to dance.

I retired from my legal nurse practice in 2013. I plan to retire this year from my career in nursing that I have been in for 52 years. I have traveled to several states speaking about the law and nursing and about wound and ostomy care. I am currently taking classes towards certification as a lay chaplain that I should be receiving next spring.

My travels have included Ireland, England, Scotland, Europe, Japan, Caymans, Dutch West Indies, South Korea, Mexico, and Canada. I have also traveled throughout the U.S.

I'm hoping I will be able to make our next high school reunion.

My husband, Bill, died June 11, 2017. I am trying to get back to normal. Our oldest, Brett, and wife, Sherry, live in Collinsville with his youngest, Jake (sophomore/loves football), Alex (junior at Mizzou in nursing), Emily (4-yr. Scholarship to *Ole Miss* in soccer).

Scott, Marcia and Kale are in Dunedin, FL. Terry and husband, Erin, grandchildren, Vivian and Pierce, live in Rockledge, FL.

I still play golf, tennis, travel, love gardening and fly fishing. I am going to Three Rivers, California Sept. 9-14 to visit my sister, Danielle, SSND, celebrating her 50-yr. Golden Jubilee. We plan to hike in Yosemite and in King's Canyon. Danielle is at St. Anthony's.

Can't wait to see everyone at the Reunion.

Children: 2 sons from 1st marriage who live in Arizona
2 twin step-daughters from 2nd marriage. Wife, Alice, dec.
2 step sons from 2nd marriage
2 step daughters from 3rd marriage to Carol Moriarty
Grandchildren: 19
Occupation: Retired from Western Electric-AT&T-Lucent Technologies as Senior Engineer. Then worked/volunteered for non-profit ACTS E&W, Inc. for 15 yrs. I now work for Rekindle Records helping 2 young Catholic singer/song writers.

2nd wife, Alice, died in 2010 (married 27 yrs). In 2013, I married Carol & we've been blessed with relatively good health & have been able to travel. We have hiked down the Grand Canyon together. We have traveled to Argentina for a wedding, to Europe to visit Carol's daughter, Katie, and her family 3 times, once in Germany & twice in Switzerland. Also we did side trips to Paris, Omaha Beach, Normandy American Cemetery (where my Uncle Herman is buried), Innsbrook, Venice, Slovenia, Salzburg, Austria, Heidelberg, Rothenburg. We also had a great time last year in Switzerland and went up to the top of the Matterhorn while at the Zermatt Unplugged Music Fest. Michael Bolten concert was fun. We also travel to Phoenix/Chandler AZ & Seattle a lot to visit our kids and their families and take an annual Oct. trip to Sedona for 2 weeks to hike, play golf & spend time with Carol's sisters & friends. Sept. 12, traveled w/our hiking friends to Iceland for 8 days. We have also taken hiking trips to Acadia Nat'l Park and Banff Nat'l Park in the heart of the Canadian Rockies. We love the National Parks.

Carol is quite involved on the south side of Chicago. We live in the Beverly neighborhood & Carol is a co-founder of the Beverly Breast Cancer Walk with about 14,000 walkers, which they have been doing for the last 18 years. It is a fundraiser for The Little Company of Mary Hospital.

In 2015, I co-founded a small independent record label, Rekindle Records, with stepson, Jake & a friend of his to help 2 young Catholic singer/songwriters, Mathias Michael and Dana Catherine. Starting your own company is a black hole for money. Please buy their songs and one book. Haha!

I have been very blessed in life and I am sure a lot has to do with getting a Catholic education and being guided by our Catholic faith. Working with Mathias and Dana, who are very talented and have a strong Catholic faith, is a chance to help pass on the many blessings I have received as pure gifts. Looking forward to the ultimate reunion in heaven. God bless you all.

Not much to report since last time. Wife, Janet, is doing great and her doctors (who are in amazement of her recovery) have declared her to be, for all intents and purposes, "cured" of her cancer. We have obviously been thanking God every day. My Mom passed in 2013 and Janet's Mom passed in 2015, so we are now officially part of the "OLD PEOPLE." I have finally turned over my business to my longtime assistant, Cristy, who I know will do a fantastic job of taking it into the future. We have come up with a plan to pay me until I croak (as long as I croak within the next 15 years) ... just kidding (I hope!!!). I am still going to hang around for a few years to hopefully impart the very last of my wisdom to the new guys. There are some things that are as old as me and the new guys need help when these machines come up

Janet and I have some *Bucket List* items to take care of, including trips to Italy, Australia, Ireland (again), and maybe some trips out west and northwest. Am trying to stay active and play a little golf, but it's getting harder due to the bad hips, torn rotator cuffs, and general arthritis. I'm going to wait until this winter to get anything done, and maybe if I get to playing more golf, I won't need any surgery ... well, I can hope! I look forward to seeing you all and hope we can continue this for many more years to come.

I'm still presenting experimental archaeology programs to schools, libraries, artifact shows, & archaeology events, but I've slowed down a little. I had an article published in the journal Ethnoarchaeology in 2013, and was mentioned prominently in last month's Archaeology magazine for my ideas on bannerstones (accessory for a spear-thrower).

Since our 50th reunion, I've been hospitalized several times, but I'm still here. This year will mark my 26th consecutive year presenting programs at Ft. Zumwalt South Middle School, and I am picking up new schools every year or two. My wife, Marilyn, is still doing her story-telling, after an illness of her own. So, all things considered, we are doing pretty well. We celebrated our 50th anniversary on April 14. My website is flintknapper.com and Marilyn's is marilynkinsella.org

Nancy and I were married 50 years January 2017, really proud of that accomplishment. We are both retired completely as of this year. Retirement is spending time as volunteers, attending lots of grandkids' games and socializing with friends and family.

We have three children with spouses, six grandchildren ranging in ages from 7-24. Oldest three at universities – Virginia Commonwealth University, St. Louis Community College and Indiana University at Bloomington. It is fun to see what they will do with their schooling.

We travel a little, but find the long plane rides pretty hard on our bones & joints. Do lots of day trips and enjoy parks and museums. Music is our main entertainment with the focus on jazz. Lots of that in St. Louis. Happy 55th anniversary from STA/AHS to everyone.

We are headed to South Africa in September. Marcia and I met through, of all things, Match.com. I highly recommend it. I'm a very lucky guy! In my lifetime, I've met two wonderful ladies who love/loved me for me.

I graduated from Parks in 1965 and then moved to Tucson to attend graduate school at the University of Arizona, graduating in 1969. I worked at the National Observatory where I designed telescopes and met my wife. We lived in Tucson until 1986 when we moved to Santa Fe. I worked at the Los Alamos National Laboratory where I designed linear accelerators for military, scientific, and medical applications. We retired in 2005. I continue to work as a consultant to U.S. and foreign companies, universities, and government laboratories.

We moved back to Tucson in 2014. We got tired of shoveling snow and dealing with the five flights of stairs in our three-story house. My skiing had begun to show my age. While I could still ski the expert runs, I no longer skied them so expertly. We try to keep in shape by walking 4 miles every day. Our thing is travel. We have been to 46 states & 38 countries.

When we are not traveling or spending time with friends and family, Ruth and I spend time working on my various cars and collections. I tried to downsize some of my treasures with an auction last year. That helped make my hobbies somewhat more manageable.

Ruth and I will celebrate our 52nd anniversary with a return to Napa Valley. We lead a wonderful, blessed life!

Occupation: Retired Nuclear Engineer ANL

Finally fully retiring this year from ANL. I now have more time to spend "working" around the ranch. Ugh! Elaine has also retired from teaching honors math at Geneva High School. Unfortunately, in the last couple of years, she has had to put down her last two, most recent horses (#8 Danny, age 34, and #9 Willie, age 33) and now considers herself to be between horses. We now have more time to travel and visit out-of-town friends and family. And when in town, we give our kids a break by babysitting our two granddaughters, Louisa Rene (3) and newest arrival, Anastasia Marie (2 months).

I have two children, B.J. (Robert, Jr.) 36 and Christopher 32 yrs. old. My first wife, Jean, passed away after many years as an invalid.

In Oct. 2009, Ruth Ann McMorris & I were married, but in June 2014 she passed away due to pancreatic cancer.

I have been retired since September 1997 when Elder Cadillac closed. My sons, at present, are not married, but that may change at any time. I was associated with the Boy Scouts holding many leadership positions. Being in the automobile business for many years, I build and renovate older automobiles. My sons and I have for the last 3 years taken part in the Hot Rod Magazine Power Tour, 7 cities in 7 days each year. Love traveling, Ireland was Ruth's & my favorite, along with Destin, FL.

Not much has changed in my life since the 2012 Reunion. I live in our retirement community on the campus of St. Mary's University in San Antonio, Texas. Two years ago I moved to a smaller community three blocks away because they needed a priest, but in May of 2016, I moved back to the retirement community because of a few minor health issues. I help out in our community with Masses, on campus and at Holy Rosary Parish next to the university. I am as busy as I want to be. I turned 84 on August 31, and expect this will be my last Reunion. I've had a better life than I deserved, especially those years at Assumption, but as the old song says, "You've got to know when to hold 'em, know when to fold 'em, know when to walk away and know when to run." I don't run much anymore, but I can still walk - not as fast as I used to, but fast enough.
