50th REUNION
September 28-29, 2012

St. Teresa Academy

Welcome to our

50-Year Class Reunion

Assumption High School

&

St. Teresa Academy

September 28 & 29, 2012

**As we celebrate our 50-year Class Reunion,
we remember our deceased classmates**

*So many things have happened
Since they were called away.
So many things to share with them
Had they been left to stay.
And now on this reunion day,
Memories do come our way.
Though absent, they are ever near,
Still missed, remembered, always dear.*

Still working. Have packed 2 grandchildren off to college so far. The oldest works as a teacher for Teach for America in Washington, D.C. My oldest daughter is still rebuilding her home after a fire 3 years ago. I have traveled to Italy via a cruise and have had the pleasure of many family vacations in Orlando and a Family Ladies Only cruise. Everyone in my family is healthy and I feel very blessed.

Retired since 2003, but finding more things to do, especially church stuff (both parish and diocesan). I am on the parish council, Chairman, Art & Environment Committee, lector, and communion minister. Walt and I love to take organized bus trips to different parts of U.S. and Canada. We've done about 15 of them and like that we get to see lots of things. We especially loved the Rockies and Nova Scotia. Our middle daughter, Janet, is presently a missionary from her Christian Church in Mesa, Arizona, to the country of Malawi -- she has more guts than I would ever have.

I was lucky enough to be able to be a stay-at-home Mom and homemaker when our children were young. We have one son and four daughters. In recent years before we retired, I worked in our local school office, and most recently as a secretary in a real estate office. We did a lot of camping when our kids were at home, and Jim and I continued that up until a couple of years ago. We have traveled quite a bit. We have been to England, Ireland, Scotland, Wales, Hawaii, Mexico, Panama, and much of the United States. This fall we will be going on a river cruise in Europe on the Rhine and Danube Rivers from Vienna to Amsterdam. We are really looking forward to that trip.

Paul and I celebrated our 50th Wedding Anniversary on 9/15/12. We grew up together, for we were just "kids" when we married.

We have three children: Teresa (Cory), Patrick (Kim), and Pauly, our oldest child, who passed away in 2002. Our six grandchildren range in ages 2 yrs. to 7 1/2 years. We love being with our grandchildren: Gannon, Gabe, Josh, Tarryn, Colton and Karsyn.

Paul and I go to Aubrey, TX, twice a year to be with family. In September we RV camp in Hot Springs, AR. I still volunteer at church, nursing home, and I'm an Adorer Associate. Also I like Bible study, swimming, camping, walking, playing cards, and "running around" with Paul. It will be good to see you all at the reunion!

Since our last class reunion, I got married. October 10, 2010, Bob and I were married at St. James in Millstadt. Since both of us are retired, we travel as much as possible, celebrating our anniversary yearly in Destin, Florida. As of yet, no grandchildren. Last August we took an extended vacation to Ireland. As long as our health and money holds out, we will look for new places to see.

Liam and Emily are the loves of my life and wear me out!

In 1987, the first 25 years after we graduated I wrote for our booklet "We're not getting OLDER! We're getting BETTER! Just how long does it take to be the BEST?" Apparently in 2012, now in the second 25 years, I'm rethinking some of that statement -- mostly the first two sentences. Maybe the BEST is yet to come!!!

After residing in Atlanta, GA. for 22 years, we have lived in the TPC Players Club Golf Community in Ponte Vedra Beach since 1999. We enjoy the relaxed lifestyle of living close to the ocean/beach. Mike is semi-retired and self-employed. I just recently retired from my teaching career in 2010. Mike and I will celebrate 47 years of marriage this September. We have three children. Oldest daughter Stephanie and husband Jeff are both veterinarians in Georgia where they own and operate their Animal Hospital. Son, Brian, lives in Bethesda, Maryland, and works within the pharmaceutical industry (drug research and development). Our youngest daughter, Rachel, is employed as a Project Analyst for the Banking and Financial industry in Jacksonville, FL. Both Mike and I enjoy traveling and are looking forward to visiting with old friends and classmates at this very special 50th Reunion!

Regarding family -- my mother died 5 years ago, my father 25 years ago. I'm grateful that all 10 of my brothers and sisters, 17 nieces and nephews, and 10 great nieces and nephews (with 2 on the way!) are still living. Most live in towns surrounding East St. Louis, and I visit family often.

I transitioned from work as Exec. Director of a non-profit grassroots community organizing group in Tennessee 3 years ago, and am involved as a volunteer with a number of local and state-wide groups in Tennessee. I also serve on several national committees of the Loretto Community. I'm grateful for continued good health, and love to garden (big vegetable garden!), camp, hike, read, visit friends as well as volunteer for things I believe in.

I can't believe 5 years have past again and here we are at our 50-year Class Reunion. Thanks go to Pat Schnyder and the reunion committee for a job well done. We are still playing cards monthly, but with one exception, Pam Gimpel, who passed away November of 2009. I miss her. Our kids are good, the older grandkids graduated from college and all have careers (thank you, God). We have three more grandkids added to our bunch -- 2 preschool boys and Jillian in 3rd grade, a total of 8. The next 6 mos. we will have a lot of celebrations, John's 70th birthday, Cindy's wedding in Nov. and our 50th wedding anniversary. We love to travel. We went to Los Angeles on the train & John was in Ireland in June. Our classmates, JoAnn, Mary Frances and husbands all traveled by train to Connecticut and New York City to visit "ground zero". Glad to be here seeing all of our classmates and the Assumption guys, remembering our youthful days: ice skating at night at Jones Park, Field Days with all the Catholic schools, softball, CYO dances, boating on the lagoon, basketball games, football at Parson's Field, Price's Drive-In & Nightmare hamburgers! We have slowed down a lot since Tom is no longer attorney for the City of Columbia, a job he held for 34 years, and it has given us the time to take off to travel. We have been to Europe four times since he retired from the City job and we really enjoy traveling. We also enjoy our four grandchildren very much; there is nothing like that renewal of life. Best of all, we both have had good health, and hope the "Good Lord" continues to keep us in His loving care good health plan.

Retired 7 years from Sears Roebuck at St. Clair Square. I just returned from a fly-fishing retreat in Mammoth Lakes, located in the High Sierra Mountains in northern California at 9,000 ft. I'm on a golf league on Tuesday evenings at Stonebridge in Maryville. Gardening, golfing, fishing and tennis keep me busy. Spring training in Jupiter, FL with the St. Louis Cardinals was a blast this March. Bill is retired also, and our 6 grandchildren (Alexandra 15, Emily and Kale 13, Jake 10, Pierce 9, Vivian 7) are keeping us busy watching softball, soccer, football, and baseball. I retired in 1999 after 33 years of teaching second & third grades. Also retired last year after 12 years of babysitting my grandkids. I continue to be their chauffeur and now provide some care for my 94-year-old mother. I enjoy traveling, golf, and volunteering. One of my projects has been building homes for East Side Heart and Home, which is located close to my old neighborhood, 7th and Summit, down the street from St. Adalbert's. This Family Center is run by the Sparkill Dominican Sisters from St. Louis. They provide a system of support and programs for neighborhood families. This year the 18th home was built. There are still some good things happening in East St. Louis!

I still own Calser Corporation (33 years now) and am in the process of turning over the running and management to my Service Manager, Cristy, who for all intents and purposes pretty much runs it now with me acting as a consultant. I guess I'll wind up doing this forever, or until they take my driver's license away from me (and I don't mean DWI, hopefully). Janet and I finished our new house in late 2007 -- just in time for the bottom to fall out of the housing market. If we had waited a year, we could have saved a bunch but, oh well. Many of you know that my wife, Janet, was diagnosed with pancreatic cancer in January 2009. After a round of chemo and radiation, she went through a surgery called the Whipple procedure where they removed 80% of her pancreas, 1/2 of her stomach, her gall bladder, and her duodenum, as well as re-routing her portal vein. This resulted in her not being able to retain much food for any appreciable time, so she has lost a lot of weight even though she eats almost 5 meals a day. She is still with us, though, and that is why her doctors and I call her our "miracle girl." She is a tremendously strong and courageous person and I admire her greatly for her faith and optimism. We thank God every day for the time He has given us and look forward to completing some of our "bucket list" of travel objectives, especially Italy and Australia.

Soon after our 40th Reunion, I retired from a 37-year career with Sverdrup Corp. (now Jacobs Engineering). Kathy and I can't believe our life of leisure has already been ten years in progress; and we often muse with our many friends here in Williamsburg about when we ever had time to work!

We've enjoyed a good deal of travel, although we're slowing down of late. It's just so much easier to enjoy the home turf, and we're getting lazier by the year. We just celebrated our 47th anniversary. Son Patrick (46) is still in San Diego; and Robert (43) in Columbus, OH. Both seem more and more confirmed in their bachelorhood, so no grandchildren.

We had such a great time at the 40th, and we look forward to catching up with everyone again this year. Many thanks to Pat Schnyder and all the folks on the Reunion Committee for getting us all together.

After my father's death in 1962, I continued farming in Fairview Heights for 2 years, then became a carpenter's apprentice and became a journeyman in 1969. I retired, after 36 years of carpentry, on January 1, 2000. In 1967, I married Marilyn Niemann (Notre Dame). We have 3 children, Chrissie, Amy, and Brian, and one granddaughter, Drew. I was the drummer for Lord Byron and the Poets (in 1964) and played drums with Jim Beatty and the Countrymen until 1977. I have enjoyed collecting Indian artifacts since I was a freshman and became heavily involved in archaeology in 1972, when I attended the First Adult Archaeological Field School for the Foundation for Illinois Archaeology, in Kampsville, IL. I started flintknapping (making stone tools) in 1980, and Marilyn took up professional storytelling shortly after that. I have participated in many digs throughout the Midwest and received the Don Crabtree Award (the highest honor an avocational archaeologist can receive in the nation) from the Society of American Archaeology in 2010. I have written many articles and reports on "primitive" technologies and archaeology and maintain a website devoted to those skills at: flintknapper.com. I am the president of the Cahokia Archaeological Society and often give classes, lectures, and demonstrations at Cahokia Mounds. Currently, I am involved in processing archaeological samples at our research lab.

My wife, Shirley, and I still live in beautiful Peoria. But, someday soon we may be leaving our central Illinois paradise for Indianapolis to be closer to our daughter, Phyllis. She has promised to care for me when I start bouncing checks and going out for the morning newspaper in my underwear.

What passes for work now is babysitting our grandchildren (Hanna, 8, Shannon, 6, Matthew, 4, and Lorelei, 1 1/2). The pay is not great, but the job has its rewards and challenges. There may be nothing more terrifying than holding a notebook full of "babysitting instructions" while watching your daughter and son-in-law leave for the airport and hearing: "Dad, Matthew may be constipated."

As for hobbies, I still fly fish the streams around greater Yellowstone for trout, although I no longer see well enough to tie my own flies. I'm embarrassed to say I play a lot of golf, almost all of it very poorly. My game does improve when my wife isn't along to count my strokes.

Odds are I will not be there this year. My wife has terminal cancer (8th bout in 28 years) and is unable to travel. I spend most of the day caring for her. She is still able to get around with a walker, but I believe it's now my vocation to care for her. My sons get here at least every other month. One owns a coffee shop in Ann Arbor, MI (Go Blue!) so he can set his own schedule. He will be opening another on or around 9/1, also in Ann Arbor. The other son is a manager for a national cemetery corporation (if you are looking, let me know and I'll hook you up with him), and he also has some flexibility to get here. I fish for a few hours a week when I get a break. Caught some mighty big sharks and tarpons in the Bay area. Prior to Chris's illness, I played golf 5 to 7 days a week. I now have 3 holes in one and stopped counting the eagles. I still work the 2 PGA golf tournaments in the area as a volunteer. I am a walking scorer so I'm in the ropes with these guys. I get to see firsthand how good they really are. Had a little lower back issue so I had to give up running (9 to 12 miles a week). I now do a recumbent bike about 45 to 54 miles a week. We have a pool so I've developed some strength exercises that I do in there. As you can see, I spend a lot of time keeping in shape. My goal is to outlive all of you LOL and not give my one son any business. Have fun and hopefully I'll see you for the 55th. P.S. Say a prayer for my wife.

Graduated from Parks in 1965, graduated from U. of Arizona in 1966 & 1969. Worked at the National Observatory in Tucson from 1969 to 1986 where I designed telescopes. Worked at the Los Alamos National Laboratory from 1986 to 2005 where I designed linear accelerators for military, scientific, and medical applications. Donna and I both retired in February of 2005. I continue to work as a consultant to U.S. and foreign government labs.

We fill our days with a 5-mile walk every morning and volunteer at various charitable organizations. We also hike in the nearby mountains and I ski. We travel whenever possible.

Spouse: Mary Ann
Children: 4 Grandchildren: 8
Occupation: Retired Engineer (Illinois Dept. of Transportation)

Mary Ann and I have four children (2 sets of twins) and 8 grandchildren. We enjoy traveling and antique shopping. We have been to Canada, Mexico, and 12 countries on the European continent. We enjoy reading and attending our grandchildren's sporting events. We belong to several seniors groups in the area, and enjoy going out to eat with family and friends.

Children: 2 Grandchildren: 7
Occupation: Retired Auto Mechanic

Ruth retired from Delmar Gardens Enterprises in 2010, so now she has joined me in my passion for collecting and restoring vintage cars and race cars. Our grandchildren are growing too quickly. Our oldest, Madeline, is 17. Our newest additions, courtesy of our daughter Susanne, are John James Sirko-Carney (4) and Liam Asbury Sirko-Carney (3). They are truly a delight and keep us quite busy. Our son, Jimmy, is doing very well with NASCAR sponsorships. We are still traveling and love our short weekend trips as much as our long visits to Mexico. We will celebrate our 47th Anniversary in January 2013. We are truly blessed!

Patsy and I start our day with daily Mass, then we go to the gym to exercise. After that we do business matters, come home for lunch and, of course, take our afternoon nap.

We watch baseball (Patsy likes the Yankees and the Cubs, I'm a Cardinal fan), we like the horse races.

Our children and grandchildren live on the east coast, and we visit them twice a year. The grandkids are involved with the theatre and are quite good at it.

On the grave side, we are active in the Pro-Life Ministry. God save the children, some of our pot-belly politicians won't. All they want is a vote.

Spouse: Elaine
Children: 2
Occupation: Nuclear Engineer - Argonne National Laboratory

After AHS and St. Louis University I completed my graduate work at University of Missouri - Columbia where I also met my future bride, Elaine, a math major and future teacher. After MU I accepted my first (and only) job at Argonne National Lab and spent the next 37 years working in the areas of nuclear safety and advance reactor designs. After retiring from ANL I was called back to help support the GTRI (Global Threat Reduction Initiative) which gained strong political traction after 9/11. Elaine also retired recently from a career teaching math at Geneva High School.

Elaine and I have lived in Naperville, Illinois, since 1975 on a mini 3-acre ranch about 35 miles outside Chicago. Where Elaine loves to ride and has managed to wear out 9 horses over that time period, I, on the otherhand, have been relegated to maintenance duties (shoveling manure). Our two daughters grew up attending Catholic grade and prep schools and then went on to the University of Notre Dame. After ND Cynthia (our oldest) went to work in the Naperville area, completed her MLIS degree from University of Illinois and has recently married (if interested some pictures and videos can be seen at <http://cynthiajacobwedding.shutterfly.com>). Our youngest daughter, also a ND grad, decided she wanted a career in the performing arts. She went on to get her graduate degrees from Harvard and the Moscow Art Theater School. And after brief stints of performing and teaching at Boston Conservatory and Notre Dame and adjuncting at Harvard, she is now an overworked, underpaid assistant professor at Wayne State in Michigan. She continues to perform in regional theatre productions and work on her tenure status.

Spouse: Ruth A. McMorris-Vogt
Children: 2
Occupation: Retired

As you know by now, Ruth McMorris and I were married October 10, 2010. Both my sons B.J. and Chris stood up for us. Like Ruth said, we look forward to traveling, possibly to Germany for our 70th birthdays. I also like to work on older cars and, at present, am redoing a '80 El Camino, mild customizing, etc. Also like boating and have a small place at Lake Egypt in Southern Illinois. We also like to visit the different wineries in Illinois. We wish the best to all our classmates and their families.

Spouse: Barbara
Children: 3 Grandchildren: 6
Occupation: Electronic Engineer

Barbara and I have been married for 44 years, 37 of which I have worked for McDonnell Douglas/Boeing in St. Louis. Might retire next year if I stop having fun. Barb has been a beautician for over 50 years and still works 2 days a week. We have 3 children (2 boys and a girl) and 6 grandchildren (4 boys and 2 girls); oldest of which is 21 already. Both sons are also Electronic Engineers but work more in the Internet/Network/Info System area. Daughter has worked as a beautician and in the medical field. We spend most nice weather weekends camping at our permanent campsite only 1 hour away from home. Main hobby is collecting and repairing (and playing) pinball machines, slot machines, arcade games and jukeboxes.

Mike is smiling down on all of us. He loved a good party and a gathering of good friends. He enjoyed walking down memory lane with many of you throughout the years. Life is very different now than prior to 9/22/2008. Each day brings a new challenge. Our daughter, Maureen, will be getting married in the Spring of 2013. She is persuing her doctorate in Engineering Construction and teaching at Arizona State University, so frequent trips to Arizona are in my future. Thanks to all of you for including me in the festivities.

Finding life at Assumption boring after 1962, I left when the class of 1963 graduated. After a year of study at St. Louis University, I went to the Marianist Seminary in Fribourg, Switzerland, and was ordained in 1968. I returned to the States and, over the years, have taught and counseled in Marianist High Schools and two retreat houses returning to Assumption in 1970-72 and, again, in 1989 when the school closed and re-discovered its real identity as a prison. In the summer of '89 I moved to San Antonio to be part of our formation program, and in 1995 became pastor of Holy Rosary Parish until 2006. After a brief sabbatical, I was assigned to be the associate pastor of St. Francis De Sales parish in Cincinnati, Ohio. I retired in 2010 and now live in our retirement community at St. Mary's University in San Antonio, Texas.
