Just re-read the 1992 booklet, and it brought back so many memories. Hope everyone writes in again, and this time hope to hear from our Class President, Mary Ellen Johnston (remember those slumber parties! And didn't her dad design the I-70 interchange in East St. Louis?) Funny what you remember (or think you remember at our age). Fred's, Price's Nightmares, Hannigan's, sock hops at the Orthodox Church, all those formals (and borrowing dresses!), sorority teas (for God's sake) and hazing, STA uniforms (with the hems ripped out), all those nuns, taking the bus (even transferring) or piling six in a car when we found a driver, football games at Parsons Field (and sneaking in). We had fun, didn't we. And now, I've been married 34 years; husband is retired (why I'm not). Both daughters graduated from college; neither married yet. One living in Chicago, one at home. Life is good, just a little too short.

Occupation: Principal, Sts. Peter & Paul School, Collinsville, IL.

In 1986, I finished seven years at St. Paul High School in Highland when it closed. I went back to SIUE and earned my Masters degree in Biology, thinking I would get out of education – sort of a mid-life crisis. In 1999, grant money dried up so I completed ten years as a research Project Coordinator at the Missouri Botanical Garden. In August of 2000, I began my new position as principal of Sts. Peter & Paul School in Collinsville – back in education. I will never get to retire! In church activities, I completed four years in the Lay Ministry Formation Program in the Springfield Diocese, and earned two certificates, specializing in liturgy and parish administration. Who knows if that training will ever be useful? Also, over the last few years, I have been chair of our Deanery Pastoral Council for three years, and on the Diocesan Liturgy Commission for 3 yrs.

Our family have lived in Atlanta, Georgia, since 1977. Just recently, in August of 1999, we relocated to Florida, where we thoroughly enjoy living near the beach and ocean. Oldest daughter and son-in-law are both veterinarians who own and operate an Animal Hospital in Macon, Georgia. Our son lives in Philadelphia and is a microbiologist. Youngest daughter just recently graduated from the University of North Florida. I have continued my teaching career working in a private, Catholic academy in primary grade level.

I am so sorry not to be able to attend the 40th year reunion – I'd love to see you all. The reunion falls on the same weekend as the 30th anniversary celebration of the grassroots community organization in Tennessee that I've worked with for 28 years – Save Our Cumberland Mountains (SOCM). It's a group that gives folks in rural communities in Tennessee a say about courage and the community spirit of so many of SOCM's 2500 members.

On a personal note, I do go back to Illinois about 4 or 5 times a year to visit my mom (my dad died in 1987), my 10 brothers and sisters (who all still live within about 30 minutes of where we grew up), my 17 nieces and nephews, and 1 great-niece. I take my mom on a vacation every year, and we've seen most of the country. I love gardening, camping, hiking, white-water running, and gazing at beauty. I still love reading and learning new things.

Both our children were married in 2000. We had a busy year!!! We are enjoying our newfound freedom as retirees. We will be spending time traveling and also visiting with our children and our new grandson.

Our son, Chris (33) is a Sr. Software Engineer for Motorola in Schaumburg, IL. Chris's wife, Tanya, received her Doctor of Pharmacy degree and is employed by CareMark in Northbrook, IL. Our daughter, Jami (32) received her Masters Degree in Speech/Language Pathology and is operating independently as a Speech /Language Pathologist in the Chicagoland area. Jami is married to Jeff Finch, an Electronics Engineer. Jami and Jeff have one child, Jackson William, who is 7 months old. Bill and I are really enjoying our new roles as grandparents! Spouse: Alice Mary
Children: 6 Grandchildren: 5
Occupation: Senior Engineer - Retired

Retired Senior Engineer from Lucent Technologies after 30 years. Happily married to Alice for 18 years with six children in a blending step-family. We have 5 wonderful grandchildren, one (Faith) is in heaven and one (Cara 2) is adopted, Jessica (3), Ashley (1) & Brendan (5). They live in Seattle, WA and Phoenix, AZ, so that's where we do most of our traveling.

I'm currently serving as Vice-President for non-profit organization, ACTS Evangelism & Worship, which uses every Artistic, Creative, Technological means available as led by the Spirit to Evangelize and lead Worship with a special focus on youth. Some memorable moments were World Youth Day in Rome in 2000, New York with their CYO Group, and praying at Ground Zero in 2002 for those who died and their loved ones.

I enjoy playing golf, but – sad to say – I'm never below 90 on difficult courses. Best score ever was a 34 on par 32. I have never come close again. My greatest joy is spending time with our grandchildren and, of course, with their grandmother, Alice, and with our children, doing whatever they enjoy.

I met and married Kathy in 1965, while we were attending St. Louis University. I got my degree in Civil Engineering in 1966 and went to work for Sverdrup Corp., now part of the Jacobs Engineering Group. In all these years, I have had one wife and one job - pretty dull. We have two sons: Patrick, 36, in San Diego, and Robert, 33, in Columbus. Neither are married, so we are still waiting for grandchildren. My career in engineering and construction has taken us, in turn, to New Orleans, LA; Ft. Worth TX; Eden, NC; Los Angeles, CA; St. Louis, MO; Jacksonville, FL; Columbus, OH; San Diego, CA and Oak Ridge, TN. We are planning retirement early next year in Williamsburg, VA, where I plan to go back to school and get worthless degrees, and Kathy will play serious bridge. We also plan to travel extensively.

After graduating AHS and Missouri School of Mines, Rolla, I spent 1 year at Granite City Steel, then 2 years in Army Corps of Engineers (1 year at Fort Belvoir, VA and 1 year in South Korea). I then joined Fisher Controls Co., in Marshalltown, Iowa, and stayed employed by them for 32 years. Half of those years, though, on foreign assignments: 6 years in England, 3 years in Dubai and 7 years in Saudi Arabia; was a great, wild ride! I married Cindy in 1989 (she had 3 children and I had one from previous marriages). All the kids are now married, living in either Colorado or California. On December 26, 1966, I married my high school sweetheart, Cherie Burke, and followed in my father's footsteps with a career in insurance. We had our first child, Christopher, in 1968, followed by our two daughters, Laura in 1970 and Lisa in 1971. Eventually I decided to go into business on my own and currently own and operate PML Resources, Inc., an employee leasing company. My office is located in Collinsville, IL. In 1991, we were blessed with our first grandchild, Cody McClelland, followed by his brother, Riley in 2001 from the marriage of Chris and Terry McClelland. As grandparents, we dedicate a lot of our time spoiling both boys. Our daughter, Laura, married in 1996 and lives and teaches in Elgin, IL. Our daughter, Lisa, married in 1999 and is an RN in Joliet, IL, where she resides. My free time is spent on the golf course.

After 18 years of moving around the USA with the Dupont Co., I have settled down in Northern California for the past 16 years. We live in Danville, a town approximately 30 miles from San Francisco. We have two sons, Jeff and Tim. Jeff has two daughters, Katelyn and Ashley, who are now 9 and 10 years old and are super granddaughters. They live very close to us and we are fortunate to be able to see and visit with them daily.

Since moving to California, my family and I have been involved in the retail business. We operate a company which owns gas stations, garages and convenience stores. I work many hours, but from time to time JoAnne and I break away to enjoy some traveling. I play a little golf and chauffeur my granddaughters to soccer games and restaurants.

Where have all the years gone? Life is a path and it has been one super journey, so far.

Spouse: Barbara
Children: 3 Grandchildren: 6
Occupation: Electrical Engineer

Have worked at Boeing (McDonnell-Douglas) for 27 years on Spacecraft electrical power systems. Currently working on the X-37 Space plane in the Phantomworks organization. Barb and I enjoy "cruising" for vacations. Looking forward to retirement. The two boys followed in Dad's footsteps and are electrical engineers also. We enjoy the grandchildren.

As we celebrate our 40th Class Reunion,
we remember our classmates who have died.
